

Hi Lorraine,

I am writing to you in support of the 2014-2015 budget proposal that would include an expanded early childhood education program. My daughter is currently on the wait list for full-day kindergarten. If the town does not decide to open another classroom, I'm not sure what I will do since I work full time and am a single mom with 3 young kids.

I cannot attend tomorrow night's school committee meeting as I need to be home with my kids but I would appreciate it if my voice/vote could be "counted" in favor of full day kindergarten for all children in Bolton, not just those who win the lottery.

Please let me know if I can do anything further to push this cause forward. Thank you.

Kind regards,
Jen Sbrogna
