Subject: Bose Donation

Bose Corporation has recently contacted us with an offer to donate to the school district 510 Bose SoundTrue headsets. We were chosen given Bose's location in the District. These are demonstration models so they differ slightly from the retail model, but have the same quality. The retail price is \$150 per headset, making the donation value a total of \$76,500. This is a fantastic donation from Bose. All computer labs and libraries in the district will have a full set.

I would request the school committee be asked to formally accept the donation.
