  - A. Warrants
  - B. Minutes of January 28, 2015
- VI. Adjourn (8:30 PM)

### Process

Presenters will be focusing on the budget drivers under each category. Where appropriate and necessary department and school administrators will be called upon to give a site based perspective on the information provided. Citizens are encouraged to participate by being recognized by the Chair. This will usually after the school committee has exhausted their questions. For clarity, it is appreciated if questions are held until after the presentations are completed. There will also be time toward the end of the meeting for additional citizen comments.

Our budget is available online at [www.nrsd.net](http://www.nrsd.net) If you have questions after reading through the material, please feel free to contact the Superintendent at [superintendent@nrsd.net](mailto:superintendent@nrsd.net).
